

Grüne Woche - Media Packages

The Media Package is a dynamic online catalogue, which is made available to you, as an exhibitor, to use as an additional, industry specific marketing channel – before, during and after the trade fair. It has been the main preparation and follow-up tool for Grüne Woche trade visitors for many years.

In your online entry you can present detailed information for both private visitors and trade visitors. You can use the Networking Tool to establish new business contacts, and via the dynamic hall plan, your precise location will be conveyed meticulously to anyone seeking

your stand. You can complete your company presentation online on your own. Our online-support team is available to support you at any time. The online catalogue is online continuously, and you can benefit from all its services for an entire year. (Valid: 01 December 2024 – 30 November 2025)
