

Green Electricity Certificate

Herewith, we confirm to

Messe Berlin GmbH, Messedamm 22, 14055 Berlin

the procurement of 100% green electricity for the year 2026.

Supplies are provided by Berliner Stadtwerke KommunalPartner GmbH.

The green electricity originates entirely from European facilities for renewable energy generation, and is certified with guarantees of origin in accordance with EU Directive 2009/28/EC and Section 79 of the EEG. The guarantees of origin meet the requirements for electricity labeling set by the Federal Environment Agency in accordance with the Implementing Ordinance on Guarantees of Origin and Guarantees of Regional Origin.
